His Record and His Ability are Satisfactory

ALFRED WOLCOTT IS THE MAN

He is the Republican Nominee for the Office of Prosecuting Attorney of Kent County.

The experience of the past year emphasizes the wisdom of selecting for the office of prosecuting attorney a man of recognized legal ability and fidelity to the public. No man should be allowed the office who will neglect its duties or make of it a mere convonience. The duties implied by the acceptance of the office are the weightiest that devoive upon a public efficer. They comprehend not only the application of the undivided attention of the custodian but, especially the perations which are involved in the every day business of the office. A man is chosen for that office upon the implied understanding that be will devote himself to the discharge of its duties. He must not entrust its cares to incompetent, inexperienced hands. It is expected that he will pass upon all legal questions which arise, and that he will carefully guard the public sgainst the expense of unneces-

sary litigation, and of mistakes and maintractice. The experience of the past administration of the office of prosecuting attorney impels a vigilant scrutiny into the character of the qualifications of an applicant for this
